

Teacher	Activity	What is this activity all about?	Google Classroom Code
Mrs. Khan	Ignite (7-8 grade girls only)	<p>What is IGNITE? Ignite is a network of girls and women who dream big dreams. The women work with technology. Getting teenage girls interested and passionate about technology is IGNITE's Mission. Ignite provides girls with new perspectives of technology through firsthand observations, hands-on experiences with creativity and collaboration in the workplace and introduces girls to role models who share their stories. Ignite at the JH includes, Personal presentations, field trips, college visits, conferences and hands-on activities.</p>	<p>Email Mrs. Khan for the Google Classroom code if you would like to join! Khand@wvsd208.org</p>
Mrs. Veselka	Drama (5-8)	<p>Hello! This club will take lots of creativity and problem solving!! We will be creating puppets with different used items in our homes, and creating puppet shows to share with the group! Each week we will work with a different type of puppet and create a puppet show with it. You must have parent permission to use certain items...and let me know if you need glue/glue guns/etc.</p>	fnv4bmi
Mrs. Linarez	Yoga (5-8)	<p>I'm providing yoga and meditation links a few times per week. I will be participating in each activity I post. Everyone who participates can leave a sentence or two about what they thought of the practice.</p>	vxqdijs
Mrs. Melissa Ellis	Book Club (5-8)	<p>Do you love to read? Are you looking for a way to interact with others who love to read during the school closure? Join the MLC Book Club! Over the course of eight weeks, we will read a book (or two) together (provided via online) and have weekly discussions over Zoom and/or Google Classroom.</p>	44zrlmd
Mrs. Williams and Carter	Wacky Chef (5-8)	<p>Video Tutorials for cooking and baking at home...using ingredients from your pantry!</p>	nojr5yz
Ms. LaHue	Arts and Crafts (5-8)	<p>Art is for everyone! I will focus on arts and crafts that you can do with things found around the house. I will create a video to go with the art/craft of the week. The video will be uploaded to the google classroom for you watch whenever you choose.</p>	eydz5e3
Mrs. Berger	PenPal Schools (5-8)	<p>Welcome, everyone! I am excited for you to try some of the activities and functions of PenPals, as well as communicate weekly about different cultures around the world! I hope we can all grow and learn during this adventuresome time!</p>	ikwkaqb

Mrs. Briggs	Science	Early Elementary - 6th Grade. So far, we have made sidewalk chalk cell-diagrams and built a Double Helix with mini marshmallows.	Ezici5r
